

Screening for Developmental Disability (DD)

In order to access funded services in the developmental sector (via the DSO), individuals must meet eligibility criteria as set out by the Ministry of Community and Social Services in the [Services and Supports to Promote the Social Inclusion of Persons with Developmental Disabilities Act, 2008](#). This Screening Tool is an attempt to help practitioners navigate this process. Even if a patient does not meet these criteria, but you still have concerns, there are many resources within this Toolkit that can still be of use in adapting communication and processes to meet their needs.
